About Us

Friends of ABLE Community Employment Scheme strives to promote the abilities of its participants, give opportunities to train for a chosen career path and provide support in the search for employment.

The CE Scheme gives participants the time to demonstrate to potential employers their commitment to full employment while contributing to the fabric of the community, the spirit inherent in all Kerry communities and promote the volunteer ethos that is the structure behind all Irish community groups.

Friends of ABLE demonstrates that if one achieves their full potential, this will in turn ensure equal opportunities and full participation in all aspects of the lives of its participants. With the support of the sponsoring committee we aim to promote a better quality of life for all people in the community, we have an expert awareness of the barriers faced by people in long term unemployment and have adopted a broad and realistic method towards breaking these barriers.

Kerry Travellers Health & Community Development Project

It has been established since 1997 and is based on an acknowledgement of the separate and distinct culture of the Traveller Community. Participants working within the project work as either a community link worker or as an information officer. These officers are tasked with setting up group meetings within the Travelling Community, help improve integration into full time work or education, and making sure that members of the Travelling Community have full knowledge of all activities and events that are taking place within the project. They are also involved with working closely with the project Administrator as well with helping with the running of the office.

Adapt Kerry - Women's Refuge and Support Services

Established in the early 1990's by a group of parents in Tralee who were supporting their own adult daughters through the issue of Domestic Violence and were concerned about the impact of this trauma and the absence of a dedicated domestic violence service in the County. This local group fundraised for the construction of a refuge in Tralee to provide a place of safety for women and children in Kerry whose lives were affected by Domestic Violence. The local group was officially incorporated in 1992 as ADAPT Kerry Limited and opened its doors to its first families in 1996. Their aims are to offer support to female victims and their children, and to raise awareness of the issue.

Scheme participants will all receive extensive training in course management, landscape caretaking and maintenance including all relevant certification in health and safety requirements. Guidance in event and venue management will also be provided.
